## **BLUES HAVE DRILL** ON BROAD STREET

Two Companies Turn Out in Front of City Hall and Arc Loudly Cheered.

BAND GIVES FINE CONCERT

Battalion in Excellent Condition and Makes Good Showing on the March.

Companies A and B, of the Richmond Light Infantry Blues, accompanied by the new band, last night had a fine battailon drill on Broad Street, in front of the City Hail. The band, which consists of twenty-five instruments, has been diligently rehearsing for several weeks, and made excellent music. It gave an informal concert during the rest in the battailon evolutions, playing many popular or martial selections with spirit and with excellent ensemble. A large crowd was attracted by the drill and concert, and as the two organizations swept around the corner of Eleventh and Broad Streets they were loudly cheered.

The battailon, though embracing only two of the three commands, consisted of full ranks, and the men executed the various evolutions and the manual with most creditable precision. Major Bowles was in command, with Captains Palmore and Burwell at the head of the two companies. The men wore the khalt uniform, all they have yet, and presented a soldlerly appearance. Companies A and B, of the Richmond

Company C, of the Blues, will have its regular weekly drill to-night. The men of the new company have been drilled in squads and platoons, and are also being drilled as a company. The officers are almost without exception experienced military men. Alderman Robert LeMasurier, a veteran of the Spanish and Philippine wars, who held a commission under the United States, is first sergeant, Captain Kent, formerly commanded one of the old companies of the Blues.

Company B, of the Seventieth Regiment, had its weekly drill last night, and Company A will drill on Friday night. This will compete the schedule for the week.

When the blood is pure and healthy the skin will be soft, smooth and free from eruptions, but when the blood becomes infected with some unhealthy humor the effect is shown by rashes, eruptions, boils and pimples, or other disfiguring and annoying skin disease. The skin is provided with countless pores and glands which act as a drainage system to rid the body of impurities through the perspiration that is constantly passing through these little tubes. There are other glands that pour out on the skin an oily substance to keep it soft and pliable. When the blood becomes filled with humors and acids these are thrown off through the pores and glands, burning and irritating the skin and drying up the natural oils so that we have not only Acne, Eczema, Salt Rheum, etc., but such, dry, scaly skin affections as Tetter, Psoriasis, and kindred troubles. The treatment of skin troubles with salves, washes, lotions, etc. is not along the right line. True, such treatment relieves some of the itching and discomfort and aids in keeping the skin clear, but it does not reach the real cause of the trouble, which are humors in the blood, and it can therefore have no real curative effect on these skin affections, S. S. S., a gentle acting and perfect blood purifier, is the best and quickest treatment. It goes down into the blood and removes the humors, fiery acids and poisons from the circulation, cools the overheated blood, and by sending a fresh stream of nourishing blood to the skin permanently cures skin diseases of every character. S. S. S. is made entirely of health producing roots, herbs and barks, and is an absolutely safe remedy for young or oid. S. S. S. cures Eczema, Acne, Salt Rheum, Tetter, Psoriasis, and all other disagreeable and unsightly eruptions of the skin. Special book on Skin Diseases and any medical advice desired furnished free to all who write.

That gives you a "Vest Pocket" Box to carry constantly.

One tablet taken whenever you suspect you need it will insure you against 90 per ent of all other ills likely to attack you. Because 90 per cent of these ills begin in the Bowels, or exist through poor Nutrition.

No, - they act like Exercise on the Bowels, instead.

They stimulate the Bowel-Muscles to contract and propel the Food naturally past the little valves that mix Digestive Juices

The time to take a Cascarat is the very minute you suspect you need one.
